

CAREERS NEWSLETTER

October 2022

The Future Starts Here...

Welcome to Hartford CoE High School Newsletter

At Hartford Church of England High School, every student at the school are given the opportunity to complete a whole career program. Each year group completes a START Career profile which they will explore different aspects of careers.

This half term, **Year 11** have successfully completed their START career program. Most students took the opportunity to learn more about T-Levels and Apprenticeships. With T-Levels being a new way of learning this has open many student eyes. Also, more than half of Year 11 have now seen the schools independent career advisor, Joanne Tomlinson. This allows our students to discuss different options and get a better understanding of what they can do in their next steps in education. **Year 9** will be starting their START program next half term.

Also, **Year 11** have also had assemblies from Cheshire College South and West and Sir John Deane's. This has given them a quick insight on what college could be and information about the open events that all student are encouraged to go to.

If you think your child needs to see the career advisor don't hesitate to contact. Miss M Sutcliffe – Career Coordinator

T-LEVELS

INTRODUCTION

T-Levels are new courses which follow GCSEs, each one being equivalent to 3 A Levels. These two year courses have been developed in collaboration with employers and businesses so that the content meets the needs of industry and prepares students for work, further training or study. T Levels offer students a mixture of classroom learning and 'on-the-job' experience during an industry placement of 45 days.

Both Warrington Vale Royal College and Cheshire College South & West both offer T-Levels.
